

## KEY LGBTQ ISSUE #3

# TRANSGENDER RIGHTS

Federal and state governments are trying to ensure that the few federal, state, and local protections for transgender and non-binary people are rolled back.

### Vote for candidates who:

- Consider transgender and non-binary rights as human rights.

### Legislation to watch:

- **North Carolina:** NC repealed its "bathroom bill." However, it still retains harmful anti-LGBTQ policies.
- **Ohio:** Under the threat of a felony, HB 658 would require school employees to disclose to parents if their child approaches them with questions about their gender identity or seeks help with dysphoria.
